Career Objective

To join an organisation in a role that utilises my passion for technology and design to create ground breaking, innovative and exciting projects, that spans both digital and physical mediums. To engage, entertain and empower consumers through insightful and intuitive design.

Education

2004 - 2008: Brunel University, Uxbridge.

BSc(Hons) Multimedia Technology and Design (2:1)

1997 - 2004: Seaford Head Community College, Seaford.

3 GCE A Levels: IT(B), Geography(C), Physics(D)

Work/Experience

Momentum Worldwide ~ London: September - October 2008

A two month placement as a result of winning Momentum Worldwide's "Golden Ticket" competition. I was one of six exhibitors from the "New Designers" show in London invited to a one day creative workshop at Momentum, with only two being selected for the placement.
Clients; American Express, Microsoft, Nespresso, Nestea

Scholz & Volkmer ~ Germany: July - August 2008

As part of a creative summer school workshop. I was invited to join 5 other designers from the United States and Europe for three weeks at Scholz & Volkmer's offices in Germany.
Clients; Mercedes, Swarovski and local attractions.

Dare ~ London: June 2006 - July 2007

This was a year long placement as part of my degree, I worked in the creative department producing online advertising and corporate websites.
Clients; Barclays, Vodafone, Sony Ericsson, Flora, Sony Electronics, NABS.
